

## Colocation Service

PCCW Global offers Colocation Service as a value-added service that can be bundled with connectivity solutions such as MPLS VPN, GIA/ IP Transit, IMBS/IPLC/Ethernet etc. We offer Colocation Service in most of our PoP sites, including full rack, caged suites, or private room, depending on your unique needs.

PCCW Global acts as the single point that interconnects you and the major network operators on our carrier grade infrastructure. Our colocation sites are carrier neutral and fitted with 24/7/365 security access, strict control on environment factors, redundant power supply and carrier neutral access. Remote Hands Service is also available to support your technical needs upon request.

### Key benefits to your business

- PCCW Global's one-stop-shop solution reduces hassles on provisioning, billing and support issues
